Education

Takshshila Institute of Technology and Engineering, Jabalpur, Madhya Pradesh
Current CGPA: 7.11

Technical Skills

- **Languages:** HTML, CSS, JavaScript, Core Java, React.js, SQL, MongoDB, Express.js, Node.js, Bootstrap.

Projects

- **Where is My Bus**
it is a live project with over 150k views online , Developed a web application to analyze bus locations and user experiences using HTML, CSS, JavaScript, Google Sites, and Google Analytics. Role: Designed the UI, managed the database, and ensured smooth user experience.
- **ToDo List**
Created a responsive ToDo List application using Next.js for client-side coding. Focused on user-friendly design and functionality.

Certificates

- **Web Development Certificate** - CSS, HTML, JavaScript
- **Full Stack Web Development (MERN Stack)** - React.js, Node.js, MongoDB, Express.js

Internship

ROBOTRONIX INDIA

Web Development Intern

Worked on full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). During the internship, I learned how to build a perfect website and gained hands-on experience in both front-end and back-end technologies. The company also guided me in building my own project and provided valuable insights into real-world web development practices. It was a great experience to learn from them and enhance my skills in web development.
